I. Financial

- A. The A.M.C. Managed Investment Reserve Fund shall contain money designated for the repair and replacement of buildings and equipment. Annual contributions to the Investment Reserve Fund shall be made in accordance with the C&C Depreciation Totals report provided by the A.M.C., after subtracting capital spending outlays from the Operating Account for the calendar year. If this number is less than zero, no contribution is necessary, but a contribution to the fund may still be made at any time. The required contributions are to be made in early summer for the previous year and shall take the form of a transfer from the Operating Account to the Investment Reserve Fund. The balance in the account shall strive to equal the greater of the camp's five year capital spending outlook, or the amount needed to cover the financial impact of a significant adverse event, after taking applicable insurance into account.
- B. Until the Investment Reserve Fund balance is equal to or above the target described above, capital expenses shall be funded from the Operating Account whenever feasible.
- C. The Operating Reserve Fund shall contain money transferred from the checking account at the end of the year after all bills have been paid. In addition, all gifts to Three Mile Island Camp shall be deposited to the Operating Reserve Fund.
- D. The Operating Account (checking account) shall be used for all camp operations revenue and expenses.
 1. The Treasurer will annually provide operating budget and capital spending appropriation information to the Managers so that they may comply with approved spending limits.
 2. The Treasurer will establish prudent minimum and maximum target balances for the Operating Account, and a minimum target balance for the Operating Reserve, to mitigate the risk of overdraft.
 3. The Treasurer will annually maintain a cash balance forecast and monitor actual monthly cash balances against expectations. If the cash balance is likely to dip below the established minimum target or above the maximum target for the Operating Account in the next three months, the Treasurer will proactively transfer from/to the Operating Reserve to restore the balance within the target range. If the Operating Reserve is likely to dip below its minimum target in the next three months, the Treasurer will notify the Chair and actively limit cash outflow until balance is restored.
- E. Individual and aggregate payment approval thresholds established by the A.M.C.'s current *Finance & Administration Manual* for volunteer managed facilities will be followed by those having authority to disburse funds and enforced by the Treasurer.

- F. Committee members designated by the Chair or Summer Manager/s to carry out a specific assignment should be reimbursed for telephone, postage, supplies, and gasoline expenses. Travel to and from regular meetings is not reimbursable.

II. Responsibilities of the Registrar

- A. The Registrar will administer reservations for summer and for fall weekends according to his/her job description and implement policies as established by the Committee.

III. Reservations Policy

- A. Seasons of Operation are as follows:
 - 1. Three Mile Island's two seasons of operation consist of the nine week summer season and four fall weekends.
 - 2. Optional seasons include the weeks between Opening Weekend and the week prior to summer camp week 1; the week between summer camp and the first fall weekend; weekdays between fall weekends; and the fifth fall weekend (between the fourth fall weekend and closing weekend).
 - 3. Work sessions may be held in the spring and in the fall, and as needed.
- B. Applications for reservations during the summer season at T.M.I. shall be considered by the Registrar according to the following policies, procedures, and guidelines:
 - 1. Application Deadline: Applications postmarked between January 1st and February 1st will be given first consideration. After the lottery process described below, the Registrar will consider other applications, in this order: (1) applications postmarked after February 1st, in order of receipt; (2) applications postmarked prior to January 1st. When February 1st falls on a Sunday, the spring newsletter will explain that the February 2nd date will be used instead of February 1st.
 - 2. Length of Stay: Reservations may be made for a maximum of two consecutive or two separate weeks. Camper stays shall be on a Saturday to Saturday basis. Campers who stay less than the full length of their reservations and fail to abide by the cancellation policy shall be charged at the full rate for their reserved space.
 - 3. Lottery: All applications for weekly reservations which are postmarked between January 1st and February 1st shall be handled by random selection or lottery. Application forms will provide space to list a number of reservation week preferences. The first envelope selected will receive its first week or weeks' preference, as will all subsequent requests until a requested week is at

capacity. When conflicts occur, applicants will be assigned their second or third preference, as the case may be, until no remaining space is available for any requests. Current committee members and families are exempt from the lottery during the week they are in attendance. Cabin preference will be considered but not guaranteed and all other reservation policies shall apply.

4. Those who give three viable week options and cannot be accommodated will be given priority in the following year, even over the reservation of a current committee member if necessary to accommodate the camper's preferred week. Those who did not get their first choice of weeks, but accepted into other weeks during the current year, will not receive priority in the following year.
 5. Cabin Preference: Cabin preferences will be considered but not guaranteed. Special physical needs or needs for family proximity will have priority.
 6. Maximum Size of Reservations: A single reservation form for more than four cabins/twelve people will not be considered.
 7. Deposits: A deposit of \$200 per person per week is required. The deposit is 50% refundable for all confirmed reservations canceled at least 30 days prior to reservation start date. Deposits will be returned in full if space is not available in any of the requested weeks.
 8. Cancellations: Payment in full is required if any cancellation is not received at least 30 days prior to scheduled arrival. Reservations are transferable with permission from the Registrar and/or Summer Manager/s.
 9. Spirit of the Policy: The Three Mile Island reservation policy shall be administered in good faith by the Registrar at all times. In those cases where policy interpretation may be uncertain, the Registrar is empowered to exercise individual judgment based on common sense, fair play, and equity.
- C. Fall weekend reservations are administered by the Registrar through the lottery system described above for the summer season.
1. Deposits: Payment in full is due with reservations.
 2. Cancellations: Payment in full is required if any cancellation is not received at least 30 days prior to scheduled arrival. Cancellations received prior to 30 days of scheduled arrival will be subject to a \$25.00 per person processing fee.

IV. Camp Capacity and Occupancy

- B. If a camper's behavioral problems, which in the judgment of the Committee cause a disruption of normal Island life, persist, the offending party may be prohibited from returning to stay on the Island by a vote of the Committee.
- C. In cases of gross misconduct requiring immediate action, the Manager will contact the Committee Chair in order to resolve the problem quickly. Resolution may include expulsion from the Island.
- D. The Committee has adopted the following policy in regard to parental supervision:
 - 1. The safety and behavior of children are the direct responsibility of their parents at all times.
 - 2. Complaints about a child's disruptive behavior which inhibits campers from enjoying the Island shall be brought to the attention of the parent or guardian by Manager, Assistant Manager or designated Committee member.
 - 3. If behavior problems which, in the judgment of the Committee, cause a disruption of normal Island life persist, the offending party may be prohibited from staying on the Island by a vote of the Committee.
 - 4. The Registrar shall locate minor children in cabins or tents in the closest possible proximity to the cabin of the parents or responsible adult.
 - 5. Parents may not leave the Island without their children unless another consenting responsible adult has been given charge of the children during their absence.

6. The Manager/s will remind campers that the occasional presence of a lifeguard on the waterfront in no way absolves parents of their supervisory responsibilities.

VI. Length of Stay

- A. Summer camper stays shall be on a Saturday to Saturday basis. Fall camper stays shall be from Friday evening through Sunday or Monday afternoon according to the schedule for that weekend.
- B. Campers may register for a maximum of two weeks per summer season; however vacancies that remain unfilled after the Registrar has completed the lottery may be filled by any campers without regard to the two week limit.

In order to best take advantage of what T.M.I. has to offer and to help preserve the Island as a unique place of retreat, simplicity, and quietude; campers are discouraged from bringing electronic devices to T.M.I. Those who feel that such devices are critical for business, personal use or for their enjoyment of T.M.I. shall use them only at their own cabins, and in such a way that neighbors are unaware of their use, both audibly and visually.  - 2. The Island shall have a Zoning Map (see Appendix) with the following four zones:
